

Ironwood™ SERIES

IWA108 shown

The Steel and Wood Hybrid Shed.

IWC108 shown

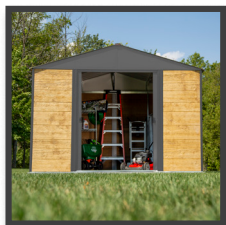

Affordable - Get the great look and feel of a wood shed at a more affordable price with this steel and wood panel hybrid shed.

Strength - This kit includes a sturdy, galvanized steel frame, roof and doors that set the groundwork for a strong, reliable building.

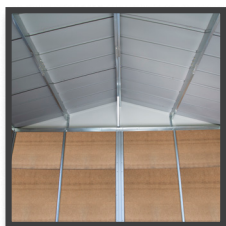

Attractive and Versatile -

- Choose whatever wood you want to use for the walls of the shed. 3/8" exterior grade wood siding panels recommended (not included).
- Choose your color. Paint or stain the wood to your specifications.
- Choose between Anthracite or Cream colored trim, doors and roof.
- Customize your shed's style by choosing to orient the wood panels vertically or horizontally.

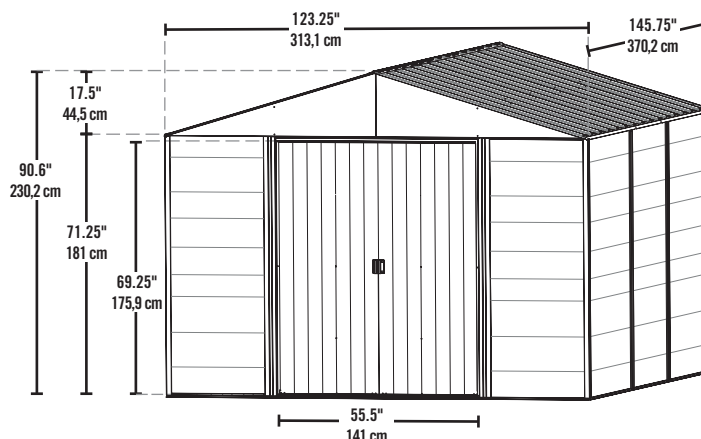

Practical Storage - High gable and 6' wall height allows for easy storage of oblong and tall items.

Durability - The combined strength of steel and wood offer premium protection to the contents of your shed.
